GREATER MERCER GRANTS
FINAL REPORT FORM

1. In one page or less, please tell us what this year has been like for your organization and this project (if grant was for a specific project). More than simply numbers, we would like to know about your challenges, triumphs and opportunities. Feel free to include information about whether and how your work has changed, and what this has meant to your results.
2. **Please submit a final project budget (or this year's organization budget for operating support grants) that shows line items, expenditures to date against each line item, and that indicates where Greater Mercer Grant monies were applied.**

THANK YOU!
